Miscellaneous Cards Tuckbox

1. Tuckbox requires one piece of paper.
Double-sided matte photo paper works best (I like Epson).
Print in landscape mode.
2. Double-sided tape works best to construct box.
3. The tiny gap between Flap 2 and the bottom is needed for proper fit. Please cut it out carefully.
4. Cut out box. Cut to marks on sides of back and sides of top tuck flap as shown by arrows.
5. Fold box to shape; unfold.
6. Apply double-sided tape to printed side of flaps marked 1, 2, 3, 4.
7. Tape Flap 1 to inside of Flap 3.
8. Tape Flap 2 to inside of Flap 3.
9. Tape Flap 3 to inside of bottom side.
10. Tape Flap 4 to inside of right side.
11. Questions and comments to Helen Holzgrafe (hholzgrafe).
